I. CALL TO ORDER/ROLL CALL

Chairs Sanders called the meeting to order at 5:30 p.m. Roll was called with all members answering present.

II. ART IN PUBLIC PLACES – DELAND HISTORIC COURTHOUSE

Chairs Sanders initiated the discussion with the CCVC regarding the Council's decision to reject the latest recommendation of the Selection Committee. The impact on the re-opening of the Historic Courthouse was discussed with consensus being that the *Legendary Florida Collection* by Jackson Walker and existing murals would be sufficient artwork for the initial re-opening. The CCVC would advise their County Council members of the reason for the delay in providing additional public art.

It was also agreed that members of the Selection Committee would be asked to serve again on the newly formed committee if they so desired. Staff is to inquire as to their willingness to serve. It was further agreed that a revised Call to Artists (CTA) would be developed with the submission criteria to be broadened. Staff is to rework the CTA and bring it back to the CCVC for approval. Staff is to develop a new timeline for the project and present it at the next regular meeting.

III. ADJOURNMENT - There being no further business, Chair Sanders adjourned the meeting at 6:30 p.m.

Respectfully submitted- Nancy Maddox, Cultural & Heritage Activity Director
